Working Holiday Resort Job

Guaranteed Paid Job In One of Canada's Top Resorts

Overview

Stepwest's Resort Job Program gives you the opportunity to spend up to a year working and living in one of Canada's most famous resorts, whether its in the Rocky Mountain's famous ski resorts, the Okanagan Valley, Banff, Lake Louise or Jasper. The program is open to most countries, with the majority able to avail of a one-year open program. Some countries such as Ireland, Australia and France have the possibility to complete up to two years.

Participants are guaranteed a work placement whether it's during the skiing season or the summer season and are given a full orientation, interview preparation sessions, resume revision, subsidized staff accommodation and other perks such as reduced ski passes (depending on resort). This is one of the best ways to explore Canada's great outdoors while earning good money, giving you the chance to get out and explore what Canada has to offer. And believe us when we tell you there is a LOT to see!

The summer season usually begins around May-June and resorts are full with activities such as mountain biking, swimming, hiking, mountain climbing, sightseeing, horse back riding, ATV excursions, zip lining, whitewater rafting, canoeing, fishing, rock climbing, golfing etc.

The winter season begins in Oct-Nov and this is when the resorts really come to life with skiing, snowboarding, tubing, hiking, snowshoeing, zip lining, snowmobiling, cross country skiing, dog sledding, ice skating etc.
